

ILLINOIS STATE TREASURER
ALEXI GIANNOULIAS

JOB OPPORTUNITY ANNOUNCEMENT

FOR MORE INFORMATION CALL HUMAN RESOURCES AT (312) 814-1700

Job Title: Senior JAVA Developer

Salary Range: \$60,000-80,000 DOQ

Position Location: Springfield, Illinois.

Overview: As a Senior Web Developer in the MIS Division this individual will provide application development leadership in coding, testing, documentation, and upgrading of new and existing software systems. This position is expected to lead keeping the division in step with the technology curve. This is a mentoring position and a person in this role must be an excellent communicator and mentor to junior staff. Senior Web Developer reports directly to the Chief Information Officer.

Responsibilities: Develop complex user interface, frameworks, algorithms, or business processes in the division's standard software tool set. This software tool set includes Java, HTML, JavaScript, and MS SQL. Other key responsibilities include developing and testing modifications, enhancements and general software anomalies while following division change control policies.

Requirements/Qualifications: A Bachelors degree in a science or engineering discipline. Candidates should have a minimum of 5 (5) years full time experience working with various Open Source technologies including Tomcat, Eclipse, and other Apache Software Foundation initiatives.

All candidates should possess strong analytical skills, and an understanding of Object Oriented principals and their application.

Application Process: Send application materials including letter of interest, salary requirements and resume to Director of Human Resources, Office of the Illinois State Treasurer, 100 West Randolph, Suite 15-600, and Chicago, IL 60601 or email HR@Treasurer.state.il.us.

Deadline Date: Applications will be accepted until close of business October 17,2008.
